(1) OIV wine production reports indicate small quantities of wine production in "other countries" that are not included herein.
(2) Ranked by production in 2004.
(3) OIV provided provisional (2003) and projected (2004) wine production data for France, Italy, Spain, Argentina, Australia, China, Germany, South Africa, Portugal, Chile and Romania. Estimates of wine production for 2003 and 2004 for other listed countries assume the average level of production reported for the period 2000-2002. United States wine production is based on the source indicated in footnote 4 below.
(4) Source: U.S. Treasury Department Alcohol and Tobacco and Trade Bureau (TTB) "Monthly Statistical Report" for 12 months ending December 31 of the year indicated. Production includes still wine, effervescent wines,
