

tabla 5.1.4. Trabajadores de la industria maquiladora de exportación en Tijuana, 1974 - 1990

The figure is a treemap visualization showing the evolution of a dataset from 1974 to 1990. Each gray rectangle represents the value for a specific year. The rectangles are stacked vertically for each year, with the total height representing the cumulative value over time. The years are labeled on the left side of the visualization.

Year	Value
1974	9276
1975	7844
1976	7795
1977	7111
1978	8778
1979	10889
1980	12343
1981	14482
1982	14959
1983	17423
1984	23047
1985	25913
1986	30248
1987	40409
1988	51496
1989	58590
1990	65852
