

## Appendix D

# Runs used for Analysis

The following table shows the runs used for the data analysis. The runs belong to the period  $h$  of the year 2011. The data is extracted from the Monalisa Repository

170593	169238	169554	169588	169858	168318	167985
170572	169236	169553	169587	169855	168311	167921
170390	169167	169550	169586	169846	168310	167920
170389	169160	169515	169557	169838	168213	167915
170388	169156	169512	169498	169837	168212	167818
170387	169148	169506	170163	168826	168208	167814
170313	169145	169504	170159	168777	168207	167813
170312	169144	169475	170155	168514	168206	167808
170311	169138	169420	170091	168512	168205	167807
170309	169099	169419	170089	168511	168203	168108
170308	169094	169418	170088	168467	168181	167986
170306	169091	169417	170085	168464	168175	170203
170270	169045	169415	170084	168461	168173	169590
170269	169044	169411	170083	168460	168172	168066
170268	169040	168322	170081	168458	168115	168341
170230	169035	167987	170040	168362	168107	167806
170228	168992	169859	170036	168361	168076	170193
170207	169965	167988	170027	168342	168069	169555
170204	169835	168325	169969	—	—	—

Table D.1: The number of the runs used in the analysis. The runs belong to the period  $h$  of year 2011
