There's no problem with that. Good luck with your thesis.

Hi

I'm a student of Americas' s University in Mexico. I'm working righth now in my Thesis. On my thesis I have written a section about Jair, as related work. I would like to include a snapshot of your web site to show de capabilites of it' s. Is there any copyright problem to do that?. Obviously I'm including the bibliographical reference to the web site.

Send me your response as soon as posible.

Thanks.

Yazmin Morales Torres.
