Hi Raul,

Please feel free to use the image. Also you can use any image from our database of 1200 marine animals for research purposes.

Good Day.

Hi, my name is Raul Enriquez, I'am a student of Engineering in Systems and Information Technologies at Universidad de las Americas Puebla (www.udlap.mx). My thesis work is about visual information retrieval under the advice of Dr. Oleg Starostenko. I would like to use an image of SQUID System, in my related work section.

With your permission I would like yo use the picture that is attached in this mail

I wait for your answer,
Thank you

Dear Raul Enriquez,

no problem to use our picture.

My only request is to always explicit the source of the picture in your dissertation (in the label of your picture), and to add the URL of the WINDSURF Web page plus at least one reference to the WINDSURF publications in your Bibliography .

Best regards,

Ilaira Bartolini
