

## Apéndice F. Pantalla de edición de Preferencias

The screenshot shows a web browser window with a dark, textured header. The main content area has a white background with a decorative border. At the top left is a small logo of a plant. The title 'Floristic Digital Library Services' is centered in a large, serif font. Below the title is a sub-header 'Add Profile Section - Add to the user's registered profile'. A dashed line separates this from the instructions: 'Please enter the required data about your preferences. Include the keywords and the weight of each one'. The form contains five rows, each with a 'Keyword' input field and a 'Weight' input field. At the bottom left, there are 'Prev' and 'Next' buttons.
